**IMPORTANT INFORMATION ABOUT YOUR
DRINKING WATER**

Monitoring/Reporting Requirements Not Met

Our water system recently violated a drinking water requirement. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did (are doing) to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. We did not complete all applicable monitoring, testing, or reporting for the following requirement(s), therefore we cannot be sure of the quality of your drinking water during that period.

Requirement(s) not met: Carlsbad Fresh Water District #1 failed to meet the deadline of conducting a Lead Service Line Inventory within its system

Period of Non-Compliance: 10-17-24

What should I do?

There is nothing you need to do at this time. You may continue to drink the water. We will notify you within 24 hours if a situation arises where the water is no longer safe to drink.

What is being done?

This Lead Service Line Inventory Is being conducted.

Expected completion date for the corrective action: This Inventory is expected to be completed by 7-15-26
